Renfrewshire 2023 – Renfrewshire's community plan

Children and young people

- Children will get a good start in life. They will be helped to learn and achieve their best at home and school.
- They will be safe and confident and enjoy good mental and physical health.

Jobs and the economy

- Increase employment and training opportunities by encouraging more businesses into the area.
- Regenerate our town centres and make attractive environments for people living and working here.

Community care, health and wellbeing

- People will live longer lives, enjoying better physical and mental health.
- They will be supported to live independently at home and take part in local community activities.

A safer and stronger Renfrewshire

- A supportive, fair and caring place for everyone.
- A safe place for all members of our diverse community, including vulnerable adults and children.

A greener Renfrewshire

- Homes will be warmer and more fuel-efficient, helping lift families from fuel poverty.
- Carbon targets will be met and emissions reduced.
- Waste will be minimised and reused or recycled where possible.
- Transport will be coordinated and our town centres will be cleaner and attractive places to live and work.

Renfrewshire forum for empowering communities

- Communities will take part in regular consultations about public services.
- They will have the confidence, and resources needed to get involved in delivering public services.
- They will lead on projects and manage local assets.
- Charities, social enterprise and volunteering will be valued for their promotion of equality and diversity.

Are you helping to make the Renfrewshire 2023 vision a reality?

Looking at what you do within the framework of the Renfrewshire 2023 plan

- Helps explain to others what you achieve and why your work is important.
- Gets more people using your services.
- Can help you shape your business plans and funding applications.
- Helps you to see links with other organisations involved in community planning.
- Can show opportunities for getting support and resources from local public organisations.
