

Sandyford Survey

Sandyford are doing a very quick, simple survey for young people aged **13-17** across the whole Greater Glasgow and Clyde area.

The survey is mainly looking at the appropriateness of times and locations and also asks question about how young people would prefer to receive test results.

Please encourage any young person you know to complete, even if they aren't from Renfrewshire (but still residing in GGC), it won't even take 5 minutes to do. If you have iPads / phones handy the link works no bother.

Fi Hewitt, would you be able to send on to your Pupil Support Colleagues please?

Please can you also share among colleagues who I may have missed.

Here's the link...

<https://www.surveymonkey.co.uk/r/T7DSRS8>

Survey will close on the 11th September.
