

Family Support Officer – Glasgow/Scotland

Caudwell Children works to transform the lives of disabled children and their families, enabling them to challenge the barriers they face throughout childhood by providing desperately needed equipment, treatment and therapies.

We are now looking to recruit a Family Support Officer in the Glasgow area, aiming to provide comprehensive practical and emotional support to families with disabled children.

This post is a 6 month fixed term contract to cover maternity leave. It is home based involving travel throughout Scotland but primarily in and around the Glasgow area.

The application form can be found in this link:
