

## **Erasmus funding Workshops – Glasgow 06 September**

YouthLink Scotland and Xchange Scotland are currently running a project until the end of the year to promote Erasmus+ funding and opportunities. Funded by the European Commission with its representation in the UK, Erasmus+ funding can offer placements for young people in the community to work and live internationally, to take part in youth exchanges, or for community workers, volunteers and youth workers to take part in funded international mobility training where they can share best practice in CLD internationally at conferences and workshops across Europe.

Xchange Scotland and YouthLink Scotland will be offering free workshops, awareness raising presentations and applicant support in advance of the October 2017 and February 2018 application deadlines.

We also have 2 upcoming workshops in Glasgow and Edinburgh (free of charge) available to organisations in the third sector. You can sign up via Eventbrite (link below):

<https://www.eventbrite.co.uk/e/unlocking-the-potential-of-erasmus-and-international-volunteering-opportunities-workshops-tickets-37098004129>

It should be noted that we are keen to set up more funding workshops in the Highlands and Borders to increase our reach and ensure organisations from across Scotland are represented.

If you could circulate this information around your networks, or know anyone who might be interested in unlocking the potential of Erasmus+, please pass on our details. We are happy to come out and meet organisations and to arrange bespoke mini-workshops and sessions to fit the needs of the sector across Scotland.
